SUNJIE TECH
LINEAR LED PROFILE

ABOUT US

Sunjie Technology Co., Limited was founded in 2013, Since the establishment, the company has been focused on high-end linear lighting systems including research、development、 production and sales.

The products are widely used in high-grade hotels, high-end commercial real estate, office lighting and numerous of civilian areas.

Enjoy a high reputation in Europe and the United states. The brand is a large number of architects, lighting designers chosen the professional lighting brand.

After years of unremitting development, with efficient management, R & D strength and production capacities.

The company currently has a production base in Dongguan and Foshan. We provide the ONE-STATION Service to our customers, make customer's work be much easier and more simple.

Through comprehensive quality assurance procedures we ensure that our products meet the highest quality standards and achieve unrivalled customer satisfaction.

The company established a perfect quality management system, and achieved ISO9001, CE, ROHS, UL, GS and other certification, ensure the quality of products.

Using technologies developed specifically for the LED lighting market, Sunjie delivers innovative products that increase the comfort of our customers and at the same time help to reduce the impact on the environment.

Customer First & Environmental protection is our top priority. Quality and sustainability applies equally to our production techniques and our company philosophy as to our products.

Long-period cooperation is our tenet. At Sunjie we use only the finest materials in the manufacture of our LED Lighting to ensure that our products are both long-lasting and reliable.

Company's products 90% exported, sold in 88 countries around the world , Our company also sets up a wide range of sound agent marketing networks across the world .

Let us join hands to create a better Green Smart lighting world.

SUNJIE’s advantage on the LED Profile:

- 1, Stock for each item
- 2, Free Samples, NO MOQ
- 3, Customized Mold, Length, Color, Packaging without MOQ
- 4, OEM service
